Subject Index, Volume 6, 1992

Abutilon theophrasti (velvet leaf), 513–518
Academic imperialism, 309
Acrocephalus arundinis (great reed warbler), 534
Acrocephalus palustris (marsh warbler), 534
Acrocephalus scirpaceus (reed warbler), 534
Advocacy, 312
Africa, commercialization of elephants, 339
Afromosia (*Pericopsis elata*), 574
Agriculture
  environmental quality and, 165
  human influence, effect on value of site and, 455–456
  regulation of production, 344–345
Air pollution control, in Danube Delta, Romania, 165
Ajaia ajaja (Roseate Spoonbills), 394
Algae, invasions of, 435–440
Allele frequencies, in Red-cockaded Woodpeckers, 290–292
Allozyme electrophoresis
  of *Bensoniella oregona*, 131–133
  of *Drosophilia melanogaster*, 418–423
  of fish populations, 365–375
  of Red-cockaded Woodpeckers, 290–292
Alpha diversity, 326, 327
American crocodile (*Crocodylus acutus*), 489
American gray squirrel (*Sciurus carolinensis*), 108–114
American marten (*Martes americana*), 318
Ammondramus maritimus (cape sable seaside sparrow), 489
Ammondramus maritimus nigrescens (dusky seaside sparrow), 175
Amphibians, rarity in Sand Pine scrub habitat, 538–545
Animal dispersal, 97, 259
Apache trout (*Oncorbynchus apache*), 356–362
Aphid (*Hyalopterus pruni*), 533
Applachia, herbaceous understories of, recovery from clearcutting, 196–200
Aquatic resource management, in Danube Delta, Romania, 165
Archanara geminipuncta (lepidoptera noctuidae), 531–533
Arctic Light Expedition, route of, 442–443
Ardea cinerea (Gray Herons), 396
Ardea herodias (great Blue Herons), 386
Association of Systematics Collections, 473
Atractoscione nobilis (white seabass), 365
Augmentation, of grizzly bear populations, 426–433
Australia, conservation approach, 604–605
Australian pine (*Casuarina*), 489

Balaenoptera acutorostrata (minke whale), 31, 32–34
Bald Eagle (*Haliaeetus leucocephalus*), 489
Banksia, 327
Basal area increment, 190–193
Beach lighting, sea turtle conservation and, 182
Bensoniella oregona, allozyme variability of, 131–133
Beta diversity, 326
Big Cypress National Preserve, 496
Biodiversity
  complementary species-based approaches, 21–22
  conservation, government policy on, 473–474
  conservation strategies and tactics, 157–159
  decline in, 18–19
  ecological redundancy and, 18–22
  ecosystem function and, 19–21
  as legislative issue, 587–588
  levels, evaluation criteria for, 459
  in managed agrarian systems, 459
  nodes of, polynas as, 442–445
  promotion by human activites or habitats and, 456
  sustaining, New Perspectives program and, 463, 465
Biological reserve management, 606–607
Biological species concept (BSC), 590–592
Biologic characters, in species delineation, 171
Biotechnology industry, 473
Birds. *See also specific avian species*
  abundance of, in polynas, 443–444
  of Cordillera Central of Columbia, 64–69
  corridor use, 499
  species diversity, selective logging and, 47–63
Black bears (*Ursus americanus*), 293, 489, 496, 499
Black-throated Blue Warblers (*Dendroica caerulescens*), 263–270
Blackwater-Eglin Connector, 499
Blue monkey (*Cercopithecus mitis*), 577
Bobcats (*Lynx rufus*), 293
Boreal mammals, extinction prediction and, 409–414
Borneo ironwood (*Eusideroxylon zwageri*), 210–218
Botrylloides diegensis, 435–440
Bracted plaintain (*Plantago aristata*), 513–518
Bromus mollis, 330
Brook trout (*Salvelinus fontinalis*), 356
Brown trout (*Salmo trutta*), 274, 356
Browse index, 76
Browse pressure index, 76
Browsing patterns, of introduced animals, 77–79
BSC (biological species concept), 590–592
Bush cricket (*Metrioptera bicolor*), 520–528
Business-education partnerships, 315–317
Buteo jamaicensis socorroensis (Red-tailed Hawk), 496
Butte County meadowfoam (*Limnanthes floccosa californica*), 549–556

Cabinet-Yaak Ecosystem, Montana, augmentation of grizzly bear populations, 426–433
California
  Butte County meadowfoam (*limnanthes floccosa californica*), 549–556
  Ranch for Wildlife Program, 340
Calyptorhynchus funereus latirostris (Carnaby's cockatoo), 497
Canis latrans (coyote). *See* Coyote (*Canis latrans*)
Canis lupus (gray wolf)
  mitochondrial DNA variability in, 559–567
  predation and, 293
  red wolf taxonomy and, 596, 597
Canis rufus (red wolf). *See* Red wolf (*Canis rufus*)
Canopy removal, in Republic of Congo, 575
Cape Floristic, South Africa, nature reserves in, 243–251
Cape Sable Seaside Sparrow (*Ammondramus maritimus*), 489
Capital. *See* Natural capital
Capitella capitata, 174
Captive populations, genetic variation loss in, 416–423
Caretta caretta (loggerhead sea turtle), 180
Caribbean coral (*Montastraeea annularis*), 174
Carnaby's Cockatoo (*Calyptorbynchus funereus latirostris*), 497
Carpobrotus edulis, 327
Casuarina (Australian pine), 489
Catastrophes, spreading via corridors, 498
Cattails (*Typha dominguensis*), 397
Centaurea maculosa, 259
Centers of organization, polynyas as, 442–445
Centropomus unidecimalis (snook), 488
Cercopithecus mitis (blue monkey), 577
Cerocebus albigena (grey-checked mangabey), 575–577
Cerocebus cephus (moustached monkey), 576, 577
Cerocebus nictitans (greater white-nosed monkey), 576, 577
Cerocebus pogonias (crowned guenon), 576, 577
Cervus elaphus (red deer), 72
CFTA (U.S.-Canada Free Trade Agreement), 148
Channel catfish (*Ictalurus punctatus*), 273–280
Chelonia mydas (green turtles), 1–2
Chinook salmon (*Oncorbynchus tshauytscha*), 365–373

Circumboreal forests, 318–320
CITES (Convention on International Trade in Endangered Species), 148, 149
Civic benevolences, rattlesnake round-up and, 121–122
Clearcutting, recovery from, 196–200
Cleverness, intelligence and, 10–11
Climate change, neotropical migrant landbirds and, 263–270
Climate changes, extinction predictions and, 409–414
Columbia, birds of, rarity and vulnerability of, 64–69
Commercial conservation
  in Africa, 339
  in North America, 339–340
  sea turtle farming, 1–3
  theory vs. practive, 338–346
Commercial exploitation, in IUCN categories, 7
Competetive markets theory, 341–342
Competition, for forest palm, 101–107
Component populations, 455
Congo, Republic of
  background, 572
  bank loan for logging, 579
  canopy removal, 575
  elephants in, 575–576
  extraction, logging units for, 573–574
  financing for logging of tropical forests, 570–579
  hunting within logging concession, 576–577
  logging operations in, 571–572, 574–575
  primates in, 575–576
  promotion of market hunting, 577–579
  road infrastructure, 573
  timber inventory teams, 572–573
  transportation of logs, 574
  tree species exploited, 574
Conservation
  easements for, 345
  single-species approach for, 604–605
Conservation biologists, wildlife managers and, 4
Conservation biology
  definitions of, 298–299
  long-term utility, 472
  molecular characters in, 600–602
  natural resource management and, 299–300
  vs. wildlife management, 299
Conservation Reserve Program (CRP), 345
Continuous forest inventory, 296
Convention on International Trade in Endangered Species (CITES), 148, 149
Corridors
  alien plant species in, 253–260
  biological disadvantages, 498
  design parameters, 294
  evidence of use, 496–497
  experimental designs, 581–585
  movement, 493–501
  natal dispersal of mammals and, 293–294
  priorities for future research, 294–295
  promotion for conservation, 494, 498–501
  regional, alleviation of global warming effects and, 497–498
  types of, 494–495
Coyote (*Canis latrans*)
  abundance, 560
  hybridization of, 8, 591–592
  mtDNA survey, 565, 600–602
  red wolf taxonomy and, 596
Crocodiles (*Osteolaemus tetraspis*), 576
Crocodylus acutus (American crocodile), 489
Crowned guenon (*Cerocebus pogonias*), 576, 577
CRP (Conservation Reserve Program), 345
Cutthroat trout (*Oncorhynchus clarki*), 356–362
Cypress (*Taxodium*), 489

Danube Delta, Romania, 165–167
Deforestation, in Lost Tuxtlas, Mexico, 84–89
Dendrocopos leucotos (White-backed Woodpecker), 450–453
Dendroica caerulescens (Black-throated Blue Warblers), 263–270
Development, growth, sustainability and, 43–44
Discounting, 42–43
Dispersal
  by animals, 97, 259
  natal patterns, of mammals, 293–294
  potential, of plant species, 513–518
Distribution, of population stock, 27
Disturbances
  definition of, 325
  ecosystem dynamics and, 325
  fire, plant species diversity/invasion and, 326–328
  fragmentation, 331
  frequency, 325
  good, turned bad, 332
  grazing, 328–329
  human-induced, 332
  interaction of, 331–332
  invasions and, 332–333
  natural, 325, 459
  nutrient inputs, 330–331
  on plant communities, 324–325
  soil, 329–330
  species diversity and, 332–333
  trampling, 331
DNA, mitochondrial
  phylogenetic species concept and, 590
  in red wolf, 7–8
  variability, in gray wolf, 559–567
Dog, domestic, mitochondrial DNA variablity, 563
Drosophilia melanogaster, 416–423
Dusky Seaside Sparrow (*Ammondramus maritimus nigrescens*), 175
Dutch nature reserves, cattle grazing in, forage quality and, 399–406
Dwarf mongoose (*Helogale parvula*), 293

Earth Summit treaty, 473–474
Easements, conservation, 345
Ecological design arts, 162–164
Ecological impact, of rattlesnake round-up, 119
Ecological integrity, 444
Ecologically significant species for management and monitoring, 174
Ecological processes, 459
Ecological redundancy, biodiversity and, 18–22
Ecological Society of America, 473
Ecologic characters, in species delineation, 171
Economics
  theory of competetive markets and, 341–342
  wildlife management and, 341–343
Economic unification, 483–484
Ecosystem
  dynamics, natural disturbances and, 325
  function of, biodiversity and, 19–21
  management, New Perspectives program and, 465
  marine, hurricane Andrew and, 488–489
Ecotourism, 3
Edge-inhabiting predators, corridors and, 498
Edison Project, 315
Education
  business of, 315–317
  ecological design arts and, 162–164
  love and, 486–487
  rattlesnake round-up and, 122–123
Effective population size, of fish populations, 365–371
Efficiency, economic, 341–343
Egretta thula (Snowy Egrets), 386
Elephants
  African, commercialization of, 339
  in Congo, 575–576
  in Kenya, 339, 346–347
  sustainable utilization, 149, 151
Ellesmere Island, polynyas of, 442–445
Emberiza schoeniclus (Reed Bunting), 534
Emotion, science and, 486–487
Endangered Species Act (ESA)

amendments, 299
biopolitical reality of, 143–144
criticisms of, 140–143
hybrid policy, 174, 592
implementation problems, 140–143
limitations, politics and, 144–145
positive aspects of, 143
reauthorization, 587–588
vertebrate species in, 25
Endangered species management
integration of biological and sociological concerns, 426–433
limitations of, 604–605
Entandrophragma cylindricum (Sapelli), 574
Entandrophragma utile (sipo), 574
Environmental degradation, technological advances and, 352
Equilibrium theory of island biogeography, 495
Equus caballus (wild horses), 293
Erymnochelys madagascariensis (Madagascan freshwater turtle), 7
ESA. *See* Endangered Species Act (ESA)
ESU (evolutionarily significant unit), 27
Ethics, for visiting scientists, 309–311
Eudocimus albus (White Ibises), 394
Eurasian pine marten (*Martes martes*), 318
Eusideroxylon zwageri (Borneo ironwood), 210–218
Everglades, Flordia, Water Conservation Areas of, Wood Storks and, 392–397
Evolutionarily significant unit (ESU), 27
Evolutionary units, species as, 174–175
Exotics, eradication of, 6
Exotic skins industry, 123, 148
Extinctions
local, of bush cricket, 520–528
predictions, global warming and, 409–414
quick, of small populations, 496
threats of, assessing, 7
Exxon Valdez, 445

Fallow deer (*Dama*), 72
Farm programs, 344–345
Faunal extirpations, 500
Fee hunting, 339–344
Felis concolor coryi (Florida panther), 174, 496, 602
Fertilization, with nitrogen, 459
Field survey, of *Limnanthes floccosa californica* (Butte County meadowfoam), 549–556
Fire
invasion and, 327–328
plant species diversity/invasion and, 326–328
species diversity and, 326–327
Fish. *See also specific fish species*
extinction, 356
introductions, 274–275
Fishers (*Martes*), 318–320
Flager Bay polynya, 444
Florida
Conservation and Recreation Lands acquisition program, 499–500
impacts of Hurricane Andrew, 488–490
Sand Pine scrub habitat, 537–545
Florida panther (*Felis concolor coryi*), 174, 496, 602
Forests
conservation in India, 12–15
descriptive terms for, 197
growth assessment, with point sampling data, 296–297
introduced animals, impact of, 71–82
management, in Danube Delta, 165–167
old-growth, fragmentation and invasions in, 91–98
Fragmentation
experimental corridor design and, 583–584
genetic consequences in gray wolf, 559–567
habitat variegation and, 146–147
Northern Spotted Owl viability and, 505–512
of old-growth forests, alien plant invasion and, 91–98
of *Phragmites* habitats, 530–535
plant dispersal potential and, 513–518
species diversity and, 331
Free trade, wildlife trade and, 148, 150
Free trade agreements, 483–484
Fundamentalism, scientific, 486–487

Gall-inducing midges, 533
Game ranching, 340, 344
Gasoline spraying technique, for rattlesnake round-up, 119, 125
Genetic characters
to delineate species status, 590–592
limitations of, 7–8
validity of, 314
of western trout, 356–362
Genetic variability
of Butte County meadowfoam, 549–556
in large captive populations, 416–423
loss, in small populations, 135–138
in narrowly endemic species, 131–133
in Red-cockaded Woodpeckers, 283–292
Genotypic stock, 26–29
Geographical range, of tiger beele, 378, 380
Geometrical factors, in metapopulation models, 520–528
Gila trout (*Oncorhynchus gilae*), 356–362
Ginkgo biloba, 202–208
Giraudiella inclusa (gall-inducing midge), 533
Glacier National Park, Montana, corridors in, 253–260
Global warming
extinction prediction and, 409–414
regional corridors and, 497–498
Glossy ibis (*Plegadis falcinellus*), 396
Grasslands
alien plant species in corridors, 253–260
ecosystems, habitat variegation and, 146–147
interaction of disturbances, 331–332
nutrient inputs and, 330–331
quality of species, as grazing limitation factor, 399–406
soil disturbances and, 329–330
species diversity and grazing, 328–329
Gray Herons (*Ardea cinerea*), 396
Gray wolf (*Canis lupus*)
genotypes, 591
hybridization, 591–592
mitochondrial DNA variability in, 559–567
red wolf taxonomy and, 596, 597
taxonomic relationships, conservation and, 174
Grazing
forage quality as limiting factor, 399–406
species diversity, invasion and, 328–329
Great Blue Herons (*Ardea herodias*), 386
Great Britain, native and alien squirrels in, 108–114
Greater white-nosed monkey (*Cerocebus nictitans*), 576, 577
Greater Yellowstone Ecosystem, 606
Great Reed Warbler (*Acrocephalus arundinis*), 534
Green initiatives or consumerism, 299, 301
Green turtle (*Chelonia mydas*)
farming of, 1–2
headstarting technique, 180
Grey-checked mangabey (*Cerocebus albigena*), 575–577
Grey wolf, 8
Grizzly bear (*Ursus arctos horribilis*), 426–433
Growth, development, sustainability and, 43–44
Guanaco (*Lama guanicoe*), 72
Guild analysis, 21
Gulf of Maine, invasions of, 435–440

Habitat fragmentation. *See* Fragmentation
Habitat specialization, of tiger beele, 378–383
Habitat variegation, 146–147
Halfway technology
salmon hatcheries as, 352
sea turtle conservation and, 179–183, 352–353
Haliaeetus leucocephalus (bald eagle), 489
Hatcheries, in salmonid management, 350–354
Headstarting technique, 180–181, 182

Helogale parvula (dwarf mongoose), 293
Herbaceous understories of Applachia, recovery from clearcutting, 196–200
Heterozygous advantage, 135–138
Human interference, species richness and, 459
Humans, competition with primates, for *Phoenix reclinata*, 101–107
Hunting
  market, promotion of, 577–579
  privileges, sale of, 339–340
Hurricane Andrew
  long-term impacts, potential, 489–490
  marine ecosystems and, 488–489
  terrestrial ecosystems and, 489
Hyalopterus pruni (aphid), 533
Hybridization
  with dogs, gray wolfs and, 563, 567
  gray wolf-coyote, 591–592
  impact on threatened species, 355–362
  of native western trouts, 355–362
  of red wolf, 7–8
  role in evolution, 8
Hypericum gentianoides (pinweed), 513–518

Ictalurus punctatus (channel catfish), 273–280
Impatiens capensis (jewelweed), 513–518
Inbreeding depression
  corridors and, 498
  loss of genetic variation and, 136–137
  movement corridors and, 495–496
India, forest conservation in, 12–15
Indiana, forest fragmentation and alien plant invasion in, 91–98
Indicator taxa
  tiger beetle as, 376–388
  use of, 377
Indonesia, ironwood problem of, 210–218
Intelligence, characteristics of, 9–11
Intermediate disturbance hypothesis, 325–326
International Code of Zoological Nomenclature, 26
International Paper (IP), 340
Inter-patch distance, recolonization and, 527–528
Inter-refuge corridor design, 293–295
Intraspecific structure, 25–26
Introduced animals, ecological impact of, 71–82
Invasions
  disturbances and, 325, 326, 332–333
  fire and, 327–328
  and forest fragmentation, in old-growth forests, 91–98
  fragmentation and, 331
  of gray squirrel in Great Britain, 108–114
  grazing and, 328–329
  of Gulf of Maine, 435–440
  introduced species, corridors and, 498
  nutrient inputs and, 330–331
  in roadside and trailside corridors, 253–260
  soil disturbances and, 329–330
  trampling and, 331
IP (International Paper), 340
Ironwood problem, of Indonesia, 210–218
Island biogeography, 161
IUCN threatened species categories, 7
Ivory trade ban, 149, 151

Japanese marten (*Martes melampus*), 318
Jewelweed (*Impatiens capensis*), 513–518

Kenya, elephant population of, 339, 346–347

Land acquisition, 344
Landscape level diversity, 326
Lanius ludovicianus (Loggerhead Shrike), 447–449
Largemouth bass (*Micropterus salmoides*), 274

Lasioptera arundinis (gall-inducing midge), 533
Lepidoptera noctuidae (*Archanara geminipuncta*), 531–533
Leuciscus idus (orfe), 274
Limnanthes floccosa californica (Butte County meadowfoam), 549–558
Linkage disequilibrium, in estimating effective size of fish populations, 365–371
Lipara flies, 533
Livestock protection, rattlesnake round-up and, 120–121
Local population, 27
Loggerhead sea turtle (*Caretta caretta*), 180
Loggerhead Shrike (*Lanius ludovicianus*), 447–449
Logging
  in Congo, 571–572
  conservation and, 6–7
  ironwood and, 214–218
  selective. *See* Selective logging
Long-nosed potoroo (*Potorous tridactylus*), 497
Love, in relation to education and science, 486–487
Lynx rufus (bobcats), 293

Macro-allocation, 41
Madagascan freshwater turtle (*Erymnochelys madagascariensis*), 7
Makinson Inlet polynya, 444
Mammals
  marine, abundance in polynyas, 442–445
  montane, extinction prediction and, 409–414
  natal dispersal patterns, 293–294
Marine ecosystems, hurricane Andrew impact on, 488–489
Marine Mammal Protection Act of 1972 (MMPA), 25
Marine mammals, abundance in polynyas, 442–445
Market(s)
  failures, 343–345
  hunting, promotion of, 577–579
  incentives, 346
  natural capital valuation and, 41–43
  solutions to wildlife management and, 338–339
  stimulation of, for green turtle meat, 2
Marsh Warbler (*Acrocephalus palustris*), 534
Martens (*Martes*), 318–320
Martes americana (American marten), 318
Martes (fishers), 318–320
Martes martes (Eurasian pine marten), 318
Martes melampus (Japanese marten), 318
Martes melampus tsuensis (Tsushima martens), 319
Martes pennanti (fisher), 318
Martes zibellina (sable), 318
Meadowfoam (*Limnanthes*), 549–556
Medicines, traditional, from tropical rain forests, economic value of, 128–130
Melaleuca quinquenervia (melaleuca), 397, 489
Membranipora membranacea, 435–440
Metapopulation
  bush cricket study, 520–528
  definition of, 173
  paradigm, 495
Metrioptera bicolor (bush cricket), 520–528
Mexico
  free trade and wildlife trade, 148, 150
  Lost Tuxtlas, deforestation in, 84–89
Micro-allocation, 41
Micropterus salmoides (largemouth bass), 274
Millettia laurenti (Wengue), 574
Mimosa pigra, 329, 332
Minimum viable populations (MVP), 173, 534–535
Minke whale (*Balaenoptera acutorostrata*), 31, 32–34
MMPA (Marine Mammal Protection Act of 1972), 25
Molecular characters
  use in conservation biology, 600–602
  validity of, 314
Montana, Cabinet-Yaak Ecosystem, augmentation of grizzly bear populations, 426–433
Montastraeea annularis (Caribbean coral), 174
Morality, intelligence and, 10
Morphologic characters
  to delineate species status, 590–592
  in species delineation, 171

Moustached monkey (*Cerocebus cephus*), 576, 577
Movement corridors, 493–496
Movement of individual animals, need for, 496
Mowing, 329
Mugil (mullet), 488
Multiple Use Act of 1960, 166
MVP (minimum viable populations), 173, 534–535
